

Mobile PV SUPER ARRAY

SA-24

The Power You Need... Wherever You Need it

Specifications

Solar Array:

24 x 335-watt LG monocrystalline modules
Average Daily Energy Harvest: 48 kWh
8,040-watt array (nominal DC)
25-year warranty / BAA Compliant
Pre-wired PV Combiner box
(ready for connection to MS or RB model)
30 foot-long chassis with six 3-inch steel outriggers
Wind Rating 100 MPH / Exposure C (with ground pinning)
Overall dimensions (LxWxH): 36' x 8'-6" x 12'-10"

Trailer Chassis:

8'x 30' flat chassis trailer / DOT Compliant
Rated GVWR: 7,000 pounds
Six outriggers with 7,000-pound swing-away jacks
Six under-carriage welded D-rings for anchoring
Adjustable/removable ball coupler
102" width when towing
5-year Limited Product Warranty

Upgrade Options:

High clearance package
Off-road package
Custom Chassis Work
MS connection accessories
Ballast tanks for transport

Transport

Deployed

The **SA-24** is the largest commercially available rolling solar array on the market.

With over a 15 years of mobile and static off-grid PV experience, Mobile Solar designed and engineered this product to solve the age-old off-grid solar problem of not having enough daily solar harvest! Well, with the new SA Series, we fixed it, big time! Let us build one for you today.

30% Federal Income Tax Credit expires Decemeber 31st 2019!
